

Sisters and Brothers!

Let me tell you a story! I was having a hangover the other day after a party in Budapest when I decided to submit myself to my daily routine. I sat down in front of the computer and started browsing the usual pages, sipping my back-to-life coffee.

I checked out the O.Z.O.R.A. webpage and saw that there were only 44 days to go. I don't really believe in the powers of numerology, but after this, when I clicked on the facebook page of the festival and was listening to Hypnoxock's pulsing impulsive track 'Ecstasy', reading the comments of many excited people, I remembered the feeling of anticipation you have when you are waiting for the gates to open.

Every year when me and my friends see the 'Welcome to Paradise' sign, we scream in joy and after when we arrive at the Ticket Office and get our wristbands, we hug each other because we feel we have again and finally arrived home. That is one of the most powerful sensations in itself. The old Greek saying 'panta rhei' comes to my mind. Naturally, it is hard to stop remembering...

So I remembered that last year's early Sunday evening when I sat down with my friends by the rocks facing the main stage. We were just staring at the dancefloor, thinking about how it was going to feel in two days. One of our best friends stood up and said that she would be back in a second, not telling us where she was going. As we later found out, she went into one of the always-present festival shops and found a jukebox there. But then, while she was still gone, we suddenly heard 'Paradise City' from Guns 'n' Roses.

I am sure that many of you have similarly small yet meaningful memories connected to your personal festival experience here in Ozora. But here's the thing!

I learned the most important rule from that same friend (let's call her O) - we came together, we are leaving together.

So, Sisters and Brother, enjoy O.Z.O.R.A. and be 'excellent' with each other!

IN THE DOME

IN 2012, FOR THE THIRD TIME, MAGIC GARDEN PRESENTS A SERIES OF LECTURES AND EXPERIENCES ABOUT THE EVOLUTION OF CONSCIOUSNESS AND HUMAN TRANSFORMATION UTILIZING THE WHEEL OF WISDOM AS A TOOL.

For this year **Professor Béla F. Torkos** has a special idea to intensify our togetherness: he invites us to share an at the **Chill Out Stage** just before the Main Stage opening ceremony. We like this idea very much: it could be an extremely intensive and intimate experience for all of us!

Life is a Sacred Journey of Transformation!

THIS YEAR, FOR THE FIRST TIME WE ARE VERY HAPPY TO INTRODUCE THE HAVEN:)

HA•VEN
NOUN

- 1 : HARBOR, PORT
- 2 : A PLACE OF SAFETY : REFUGE
- 3 : A PLACE OFFERING FAVORABLE OPPORTUNITIES OR CONDITIONS*

In our dictionary haven means a space where everybody can process, celebrate and share their emotional and spiritual journey...

This year the O.Z.O.R.A. team will create a new place (you may remember the old circus tent with white and blue stripes) next to the Magic Garden where Ozorians can rest, sleep and be cared for if they feel it's necessary.

The new facility will be operated in association with the Safer Festival Organization, which is a non-profit organization presenting a European project that aims at promoting health, well-being and safety at festivals. The Haven will be open 24/7 for all of the festival-goers. Here are some default rules to stay alive during a festival:

- keep yourself hydrated;
- eat regularly and don't forget to rest;
- take care of your skin: bring sun cream with you;
- if you get sick, don't be shy to ask for help;

- bring warm clothes: it can get really cold in the night;
 - if you see somebody who needs help, bring him/her to the Haven!
- To respect your body is the best way to enjoy the Festival!
Always take care of yourself and each other!

WEATHER FORECAST

MONDAY 6 AUGUST

MON6 AUG 32°C (90°F) NIGHT
21°C (70°F)

Monday greets another wave of African heat riding on strong southern winds. Do not plan your sun dance for this day – you might melt in the 40 degrees that can come your way. If you are hoping for rain and a good old mudslide, you will be disappointed. Mister Meteorologist promises us no watery skies. Hint: meeting the sprinkler truck might be a great source of joy.

TUESDAY 7 AUGUST

TUE7 AUG 31°C (88°F) NIGHT
18°C (64°F)

Tuesday carries a hope of a refreshing change. We can be on the lookout for a cold front arriving with random light showers. A sure sign that the cooling has arrived will be the expected strong northeastern winds blowing through your hair, but no worries – no one will feel cold.

ASTROLOGY

Astro-weather report: A great day for the commencement of the festival, as the Leo Sun and Aries Moon connect in thy sky in harmony offering their fiery energy to all. What better position of the Sun and Moon could there be to light the spark of spirit?

EARLY BIRD DAY

Dear Brothers and Sisters! The day we've all been waiting for so long has finally arrived. As most of you already know, today an official warmup party will be held in the Chill Out Dome for the very first time in the history of Ozora Festival. In the previous years, the gathering ended with an after-party held in the same place, so it was no question what venue to choose for the before party.

This year, the crew decided to offer us the opportunity to spend a little more time in Paradise by adding Day 0 to the line up. During this day, exceptional artists, like Pena, Slater or Deedrah will enter the stage to invite you to a journey discovering various subgenres of psychedelic music. If you're not sure about the contributing artists, check the Program Guide you got at the entrance.
